

CONAF

Who we are?

We are...

The National Conferderation for
Female Entrepreneurship

About us

- The National Confederation for Female Entrepreneurship (CONAF) is the employers' organization that aims to promote and support Romanian entrepreneurs, especially women entrepreneurs.
- CONAF aims to increase competitiveness, coagulate Romanian entrepreneurs, create a common platform for cooperation with international confederations, support the interests of entrepreneurs in the EU, exchange experience and promote Romania's economic interests.

About us

- The National Confederation for Female Entrepreneurship is the only confederation in Romania that brings together the interests of women entrepreneurs in a cohesive structure.
- CONAF was created as a result of the need to create an entrepreneurial culture adapted to the new business trends and this, not only for female entrepreneurship, but also for the entire entrepreneurial environment.

About us

- CONAF is the largest entity of its kind in Romania, an organization that promotes and supports Romanian entrepreneurship, which is unprecedented and which opens horizons of collaboration and cooperation both domestically and internationally.
- CONAF has 2 federations, 10 employers, 5 associations and 18 branches.

Our values

- Professionalism
- Excellency
- Competence
- Success
- Trust

Our mission

- Coagulation of Romanian entrepreneurs;
- Supporting and developing the business environment;
- Encouraging as many women as possible to become entrepreneurs;
- Defending economic, social, financial, legal and cultural rights and interests in relations with central, local and international public authorities;
- Development of business relations, support, collaboration, exchange of experience and improvement with other bodies in the country and abroad.

Our goals

- Promoting Romania's economic interests
- Promoting and protecting the interests of entrepreneurs at local, regional, national and international level
- Establishing a consolidated image of CONAF and increasing the visibility of the organization.
- Active involvement of the business environment in social dialogue commissions at national and international level
- Supports the development of activities to promote services and specialized assistance for exporters
- Improving the legislative framework to stimulate economic growth: crafts, exports, freelancers
- Strategic partnerships with other confederations
- Building public-private partnerships
